- f. implementation of dining/drinking activities in public places:
 - 1) food stalls/*warteg*, street vendors, hawker stalls, and its kind are allowed to open with strict health protocols until 20.00 local time with maximum capacity for dining in customers of 50% (fifty percent) and a maximum 30 (thirty) minutes of mealtime and its technical regulations are regulated by the Regional Government;
 - 2) restaurants/diners, cafes that are located in closed buildings/shops, both those located in separate locations and those located in shopping centers/malls, permitted to accept dine-in with maximum capacity for dining in customers of 50% (fifty percent) and its technical regulations are further regulated by the Regional Government; and

- 3) restaurants/diners, cafes with open space service are permitted to open with strict health protocol until 20.00 local time with maximum capacity for dining in customers of 50% (fifty percent) and a maximum 30 (thirty) minutes of mealtime and its technical regulations shall be governed by the Regional Government,
- g. activities in shopping centers/malls/trade centers is opened with the maximum capacity of 50% (fifty percent) until 20.00 local time by considering the provisions in C.4 and F.2 and must use the Peduli Lindungi application;
- h. implementation of construction activities for public infrastructure and private construction (construction sites and project sites) may operate 100% (one hundred percent) by implementing stricter health protocols;
- i. places of worship (Mosques, Prayer Rooms, Churches, Temples (*Pura*), Viharas and Temples (*Klenteng*) as well as other public places that function as places of worship) may hold congregational worship/religious activities during the implementation of Level 2 (two) PPKM with the maximum capacity of 75% (seventy-five percent) or 75 (seventy five) persons by implementing stricter health protocols and taking into account technical provision from Ministry of Religion;
- j. public facilities (public areas, public parks, public tourist attractions, and other public areas) may be open with maximum capacity of 25% (twenty five percent) by implementing stricter health protocols;
- k. arts, cultural, sports and social activities (locations of art, culture, sports facilities, and social activities that may cause crowds and masses) may be open with maximum capacity of 50% (fifty percent) by implementing stricter health protocols ;
- l. public transportations (public transport, mass transportation, taxis (conventional and online) and rental vehicles) may operate with a maximum capacity arrangement of 100% (one hundred percent) by implementing stricter health protocols;
- m. wedding receptions may be conducted with the maximum of 50 (fifty) invitations and shall not conduct dine in on the venue;
- n. domestic travelers using private cars, motorcycles and long-distance public transport (airplanes, buses, ships, and trains) must:
 - 1) present their vaccination cards (minimum the first dose of the vaccine);

- 2) present a D-2 negative PCR results for airplanes, as well as (D-1) negative Antigen results, for private cars, motorcycles, buses, trains, and ships;
 - 3) the provisions referred to in number 1) and number 2) only applies for arrivals and departures to and from Java and Bali and do not apply to transportation within the agglomeration area for example for the Jabodetabek area; and
 - 4) for travelling by airplane between cities or regencies within Java and Bali shall present (D-1) negative Antigen result under the condition the traveler has received the second dose of the vaccine, and (D-2) negative PCR result only if the traveler have received the first dose of the vaccine;
 - 5) for drivers of logistics vehicles and other transport of goods are excluded from the provision of having a vaccination card;
- o. wear masks correctly and consistently when carrying out activities outside the house and not allowed to use face shields without wearing masks; and
 - p. implementation of PPKM in the RT/RW, Village/Sub-District and District shall remain in force by activating the Posts at every level by looking at the zoning criteria for regional control.

- SEVENTH : Health protocol trials shall be conducted towards companies with export orientation and domestic to operate with the capacity of 100% (one hundred percent) staff that are divided to a minimum of 2 (two) shifts with the conditions as follow:
- a. List of companies that will participate in this trials shall be determined by the Ministry of Industry;
 - b. The companies listed as referred to in paragraph a and their employees are required to use the *Peduli Lindungi* application to conduct screening towards people that exit and enter from and to the company production facility;
 - c. All of the companies that participate in this trials are required to follow the health protocol guidelines as stipulated by the Ministry of Industry and the Ministry of Health; and
 - d. The Ministry of Industry and the administrator of regional government shall supervise the implementation of this trial.

- EIGHTH : The health protocol trials will be conducted in the Football League 1 (one) (*Sepak Bola Liga 1*) competition on 3 (three) matches from August 27, 2021 until August 29, 2021 which shall be conducted in the DKI Jakarta Province, with the following condition:
- 1) All players, officials, media crew, and supporting staff must use the *Peduli Lindungi* application to conduct screening towards people that exit and enter from and to the practice and competition place;
 - 2) Implementation of the competition shall not have live spectators in the stadium. The activity of watching the competition together is also not allowed;
 - 3) All players, officials, media crew, and support staff that are present in the competition must have received the second dose of the vaccine and D-1 negative PCR result and negative Antigen result on the competition day; and
 - 4) implementation of league 1 competition must follow the health protocol as stipulated by the Ministry of Health and the Indonesian Football Association (*Persatuan Sepakbola Seluruh Indonesia*).
- NINTH : Governors after receiving the vaccine supply from the Ministry of Health, shall immediately distributed it to the Regency/City and shall not reserve it as stocj in the Province.
- TENTH : Governors, Regents, and Mayors shall prohibit any activities/events that may cause crowds.
- ELEVENTH : Governors, Regents, and Mayors coordinate and collaborate with TNI, Polri and Public Prosecutor in implementing PPKM.
- TWELFTH : Implement the strengthening of activities and education with the following principles:
- a. COVID-19 is most contagious in closed conditions, long meetings (more than 15 minutes), close interactions, crowds, activities with strong breathing such as singing, talking, laughing, and not wearing masks such as when eating together;
 - b. proper and consistent use of masks is the minimum health protocol that should be implemented by everyone;

- c. washing hands with soap or hand sanitizer repeatedly especially after touching objects that others also touch (such as door handles or handrails), touching the face area by hand should be avoided;
- d. an ideal type of mask will be more protective with the use of 2 (two) layers of mask as a good choice. Masks should be replaced after use (>4 (more than four) hours);
- e. the implementation of health protocols shall be carried out by taking into account the factors of air ventilation, duration, and distance of interaction, to minimize the risk of transmission in conducting activities;
- f. considerations on distance can be applied as follows:
 - 1) carry out activities from home, and interact only with people who live in the same household;
 - 2) If there is a necessity to leave the house, always try to get a minimum distance of 2 (two) meters in interacting with others. Reduce/avoid contact with others who do not live in the same household; and
 - 3) socialize various visual instructions in public places related to the prevention and handling of COVID-19,
- g. considerations on duration can be applied as follows:
 - 1) if there is a necessity to interact with other people or attend an activity, it must be done in a short duration to reduce the risk of transmission; and
 - 2) in office environments and other activities, scheduling and rotation may help in decreasing the duration of interaction,
- h. considerations on ventilation can be applied as follows:
 - 1) outdoor activities have lower transmission risk compared to indoors; and
 - 2) rooms shall always be attempted to have good air ventilation. Opening doors, windows may decrease the transmission risk. In the event that the door and the window cannot be opened, an air purifier with High-Efficiency Particulate Air (HEPA) filter may be utilized indoor,
- i. in the event that the transmission condition has been spread in the community, tightened intervention by significantly limiting the public's mobility is needed;
- j. intensifying the 3T (testing, tracing, treatment) shall always be implemented:

- 1) testing shall be intensified according to the weekly positive rate with the following provisions:

Weekly positivity rate	Number of tests (per 1000 inhabitants per week)
<5%	1
>5%-<15%	5
>15%-<25%	10
>25%	15

Testing shall always be intensified with the target positivity rate of <10% (ten percent); testing shall always be intensified to suspects, meaning those that have symptoms, as well as close contacts. Daily target of the number of people tested for each regency-city shall adhere to the following table:

PROVINCE	REGENCY/CITY	TARGET OF NUMBER OF PEOPLE TESTED/DAY

- 2) tracing should be carried out until there are more than 15 close contacts per confirmed case. Quarantine shall be carried out for those identified as close contacts. Once being identified having close contacts, entry-test and quarantine shall be carried out. If the test result is positive, it is necessary to carry out isolation. If the test result is negative, it is necessary to continue quarantine. On the 5th day of quarantine, it is necessary to carry out again an exit-test to see whether the virus is detected after/during the incubation period. If negative, the patient is considered to have completed the quarantine; and

- 3) treatment shall be comprehensively carried out according to the severity of the symptoms. Only patients with moderate, severe, and critical symptoms need to be treated in the hospital. Isolation shall be carried out strictly to prevent transmissions,
- k. efforts to accelerate vaccination must continue to be carried out to protect as many people and these efforts are carried out to lower the rate of transmission and prioritize the safety of those who are vulnerable to mortality (such as elderly, people with comorbidities), taking into account the limited health capacity and long-term impact of COVID-19 infection

THIRTEENTH : Governors, Mayors, and Regents:

- a. accelerate social aid distribution process as well as social safety net provided from the Regional Revenues and Expenditures Budget (*Anggaran Pembelanjaan dan Belanja Daerah – “APBD”*), if there is a need for additional funding for budgeting and distribution of social aid and social safety net in supporting the implementation of COVID-19 PPKM, then:
 - 1) rationalization and/or reallocation of the budget shall be conducted towards program/activity that is less prioritized in the social aid budget and social safety net;
 - 2) the procedure for rationalizing and/or reallocating additional funding needs for budgeting and distribution of social aid/social safety nets in supporting the implementation of COVID-19 PPKM shall be guided by Article 4 and Article 5 of the Regulation of Minister of Home Affairs Number 20 of 2020 regarding the Acceleration of Handling Corona Virus Disease 2019 in the Regional Government Environment and Article 3 to Article 6 of the Regulation of Minister of Home Affairs Number 39 of 2020 regarding Prioritizing the Use of Budget Allocations for Certain Activities, Amendment of Allocation and Use of Regional Revenue and Expenditure Budgets;
 - 3) on the acceleration of the distribution and implementation of Village Fund - Direct Cash Assistance (*Bantuan Langsung Tunai - Dana Desa – “BLT-DD”*):

- a) Regents/Mayors to accelerate the evaluation of Village Revenue and Expenditure Budget (*Anggaran Pendapatan dan Belanja Desa* – “**APBDesa**”) for Villages that have not stipulated Village Regulations regarding APBDesa, ratification of Human Development Cadre (*Kader Pembangunan Manusia* – “**KPM**”) data by the Regional government, recording of KPM Data of BLT-DD recipients on State Budget Treasury System Online Monitoring (*Online Monitoring Sistem Perbendaharaan Anggaran Negara* – “**Om-SPAN**”) in accordance with the provisions of the laws and regulations; and
- b) Head of the Village to conduct data recording and stipulation of KPM, and follow up with the implementation of BLT-DD in accordance with the provisions of laws and regulations,
- b. to conduct social aid synchronization from the Center and social aid sourced from APBD.

FOURTEENTH : Funding for the Implementation of PPKM due to the COVID-19 Pandemic sourced from APBD:

- a. in the implementation of PPKM due to the COVID-19 Pandemic, the Regional Government can make expenditures for which the budget is not yet available, then proposed in the draft APBD amendment;
- b. the expenditure as referred to in letter a is carried out with a direct charge to the Unexpected Expenditure (*Belanja Tidak Terduga* – “**BTT**”);
- c. in the event that the BTT is insufficient, the Regional Government shall reschedule program and activity achievements to prioritize the use of budget allocations for certain activities and/or amendments in budget allocations and utilizes available cash through amendment to regional head regulations concerning APBD, and notifies the chair of the Regional House of Representatives. The results of the budget allocation for rescheduling program and activity achievements are diverted to unexpected expenditures; and
- d. the procedure for using BTT in the context of implementing PPKM due to the COVID-19 Pandemic originating from the APBD shall be guided by the regulation of Minister of Home Affairs Number 39 of 2020.

- FIFTEENTH : a. In the event that the Governors, Mayors, or Regents did not conduct the provisions as referred to in this Ministerial Instruction, they are imposed with sanctions as referred to in Article 68 until Article 78 of Law Number 23 of 2014 regarding Regional Government;
- b. For Entrepreneurs, Restaurants, Shopping Centers, Public Transportations as referred to in the THIRD Dictum letter c, letter d, letter e, and letter j that did not conduct the provisions as regulated in this Instruction shall be subject to administrative sanctions up until the closure of business in accordance with the provisions of the laws and regulations; and
- c. Every person may be imposed with sanctions for violations in the framework of controlling infectious disease outbreaks in accordance with:
- 1) Article 212 to Article 218 of Indonesian Criminal Code;
 - 2) Law Number 4 of 1984 regarding Outbreaks of Infectious Diseases;
 - 3) Law Number 6 of 2018 regarding Health Quarantine; and
 - 4) Regional Regulation, Regional Head Regulation; as well as
 - 5) Provisions of other relevant laws and regulations.
- SIXTEENTH : This Ministerial Instruction shall come into force on 24 August 2021 until 30 August 2021.
