 - e. Ministry of Industry and staff of local government shall supervise over the implementation of the health protocol.
- EIGHTH : League 1 (one) Soccer Competition 1 may be carried out with a maximum of 9 (nine) matches and League 2 (two) Soccer Competition 2 (may be carried out with a maximum of 8 (eight) matches every week, with the following conditions:
- 1) the venue is only in the region of Regencies/Cities with level 3 (three) and level 2 (two) criteria;
 - 2) all players, officials, media crew and support staff are required to use *PeduliLindungi* application to conduct screening towards people who come in and out of the competition and training venues.
 - 3) Implementation of the competition shall not have live spectators in the stadium. The activity of watching the competitions together by supporters is also not allowed;
 - 4) all prayers, officials, media crew and support staff who attend the competition must have already received the second dose of vaccination, and (D-1) negative PCR result and negative Antigen result on the competition day; and
 - 5) the implementation of league 1 (one) competition is required to follow the health protocol rules determined by the Ministry of Health and Indonesian Football Association.
- NINTH : Restrictions on the entrance of international passenger travel are regulated with the following conditions:

- a) air entry only through the Soekarno Hatta Airport and Sam Ratulangi Airport;
 - b) sea entry only through ports of Batam, Tanjung Pinang, and Nunukan;
 - c) land entry only through the Postal Cross State Boundary (*Pos Lintang Batas Negara* or "**PLBN**") of Aruk and Entikong, and Motaain; and
 - d) technical arrangements related to implementation of the provisions as referred to in letter a) until letter c) and in the transition period will be regulated further by the Ministry of Transportation.
- TENTH : Governor after receiving vaccine supply from the Ministry of Health, shall immediately distribute it to the Regency/City and do not keep it as a reserve (stock) in the Province.
- ELEVENTH : Governors, Regents, and Mayors shall prohibit any form of activities/actions that can cause crowds.
- TWELVE : Governors, Regents and Mayors shall coordinate and collaborate with the National Army of Indonesia, the National Police of Republic of Indonesia and the Attorney in the implementation of PPKM.
- THIRTEENTH : Implementing the tightening of activities and education with the following principles:
- a. COVID-19 is most contagious in closed conditions, long meetings (more than 15 minutes), close interactions, crowds, activities with strong breathing such as singing, laughing, and not wearing masks such as when eating together;
 - b. proper and consistent use of masks is the minimum health protocol that should be implemented by everyone;
 - c. washing hands with soap or hand sanitizer repeatedly especially after touching objects that others touch (such as door handles or handrails), touching the face area by hand should be avoided;
 - d. an ideal type of mask will be more protective the use of masks as many as 2 (two) layers is a good choice. Masks should be replaced after use (>4 (more than four) hours);
 - e. the implementation of health protocols shall be carried out by taking into account the factors of air ventilation, duration, and distance of interaction, to minimize the risk of transmission in conducting activities;
 - f. considerations on distance can be applied as follows:
 - 1) carry out activities from home, and interact only with people who live in the same household;

- 2) If there is a necessity to leave the house, always try to get a minimum distance of 2 (two) meters in interacting with others. Reduce/avoid contact with others who do not live in the same household; and
 - 3) socialize various visual instructions in public places related to the prevention and handling of COVID-19,
- g. considerations on duration can be applied as follows:
- 1) if there is a necessity to interact with other people or attend an activity, it must be done in a short duration to reduce the risk of transmission; and
 - 2) in office environments and other activities, scheduling and rotation may help in decreasing the duration of interaction,
- h. considerations on ventilation can be applied as follows:
- 1) outdoor activities that have lower transmission risk compared to the indoor ones; and
 - 2) rooms shall always be endeavored to have good air ventilation. Opening doors, windows may be done to decrease the transmission risk. In the event that the door and the window cannot be opened, an air purifier with High-Efficiency Particulate Air (HEPA) filter may be utilized indoor,
- i. in the event that the transmission condition has been spread in the community, tightened intervention by significantly limiting the public's mobility is needed;
- j. intensifying of 3T (testing, tracing, treatment) shall always be implemented:
- 1) testing shall be intensified according to the weekly positivity rate with the following provisions.

Weekly positivity rate	Number of tests (per 1000 inhabitants per week)
<5%	1
>5%-<15%	5
>15%-<25%	10
>25%	15

Testing shall always be intensified with the target of positivity rate of <5% (five percent). Target of the daily testing is the minimum number

of daily test which must be met by the regencies/cities. People who are counted in target testing are suspects and the contacts of confirmed cases, not people with asymptomatic screening. Daily target of the number of people tested must be achieved at the level districts/cities with the following table;

- 2) tracing should be carried out until there are more than 15 close contacts per confirmed case. Quarantine shall be carried out for those identified as close contacts. Once identified, close contacts should be checked (entry test) and quarantine needs to be carried out. If the test result is positive then isolation is necessary. If the test result is negative, then quarantine must be continued. On the 5th day of quarantine, it is necessary to re-examine (exit-test) to see whether the virus is detected after/during the incubation period. If negative, the patient is considered to have completed the quarantine; and
- 3) treatment shall be comprehensively carried out according to the severity of the symptoms. Only patients with moderate, severe, and critical symptoms need be treated in the hospital. Isolation shall be carried out strictly to prevent transmissions, efforts to accelerate vaccination must continue to be carried out to protect as many people and these efforts are carried out to lower the rate of transmission and prioritize the safety of those who are vulnerable to mortality (such as elderly, people with comorbidities), noting the limited health capacity and long-term impact of COVID-19 infection.

FOURTEENTH : Governors, Mayors, and Regents to:

- H
- a. accelerate social aid distribution process as well as social safety net provided from the Regional Revenues and Expenditures Budget (*Anggaran Pembelanjaan dan Belanja Daerah* or “**APBD**”), if there is a need for additional funding for budgeting and distribution of social aid and social safety net in support of the implementation of COVID-19 PPKM, then:
 - 1) rationalization and/or reallocation of budgets from less priority programs/activities in the social assistance budget and social safety nets;
 - 2) the procedure for rationalization and/or reallocation of additional funding needs for budgeting and distribution of social aid/social safety nets in supporting the implementation of COVID-19 PPKM shall be guided by Article 4 and Article 5 of Regulation of the Minister of Home Affairs Number 20 of 2020 regarding the Acceleration of Handling of Corona Virus Disease 2019 in the Regional Government Environment and Article 3 to Article 6 of

the Minister of Home Affairs Regulation Number 39 of 2020 regarding Prioritizing the Use of Budget Allocations for Certain Activities, Amendment in Allocation and Use of Regional Revenue and Expenditure Budgets;

- 3) on the acceleration of the distribution and implementation of Village Fund - Direct Cash Assistance (*Bantuan Langsung Tunai - Dana Desa* or "**BLT-DD**"):
 - a) Regents/Mayors to accelerate the evaluation of Village Revenue and Expenditure Budget (*Anggaran Pendapatan dan Belanja Desa* or "**APBDesa**") for Villages that have not stipulated Village Regulations regarding APBDesa, ratification of Human Development Cadre (*Kader Pembangunan Manusia* or "**KPM**") data by the Regional government, recording of KPM Data of BLT-DD recipients on State Budget Treasury System Online Monitoring (*Online Monitoring Sistem Perbendaharaan Anggaran Negara* or "**Om-SPAN**") in accordance with the provisions of the laws and regulations; and
 - b) Village Head to conduct recording and stipulation of KPM, and follow up with the implementation of BLT-DD in accordance with the provisions of laws and regulations, to conduct social aid synchronization sourced from the center and social aid sourced from APBD.

- FIFTEENTH : Funding for the Implementation of PPKM due to the COVID-19 Pandemic sourced from APBD:
- a. in the implementation of COVID-19 PPKM due to the COVID-19 Pandemic, the Regional Government can make expenditures for which the budget is not yet available, which is then proposed in the draft APBD amendment;
 - b. the expenditure as referred to in letter a is carried out with a direct charge to the Unexpected Expenditure (*Belanja Tidak Terduga* or "**BTT**");
 - c. in the event that BTT is insufficient, the Regional Government shall rescheduling of program and activity achievements to prioritize the use of budget allocations for certain activities and/or amendments in budget allocations and utilizes available cash through amendment to regional head regulations concerning APBD, and notifies the chair of

- the Regional House of Representatives. The results of the budget allocation for rescheduling the results of the program and activity achievements are diverted for unexpected expenditures; and
- d. the procedure for using BTT in the context of implementing PPKM due to the COVID-19 Pandemic originating from the APBD shall be guided by the Minister of Home Affairs Regulation Number 39 of 2020.
- SIXTEENTH : a. In the event that the Governors, Mayors, or Regents do not implement the provisions as referred to in this Ministerial Instruction shall be subject to sanctions as referred to in Article 68 until Article 78 of Law Number 23 of 2014 regarding Regional Government;
- b. For Restaurant, Shopping Centers, and Public Transportation Business Actors as referred to in the THIRD Dictum letter c, letter d, letter e, and letter j that do not implement the provisions as regulated in this Instruction shall be subject to administrative sanctions until the closure of business in accordance with the provisions of the laws and regulations; and
- c. Every person may be imposed with sanctions for violations in the framework of controlling infectious disease outbreaks according to:
- 1) Article 212 to Article 218 of Indonesian Criminal Code;
 - 2) Law Number 4 of 1984 regarding Outbreaks of Infectious Diseases;
 - 3) Law Number 6 of 2018 regarding Health Quarantine; and
 - 4) Regional Regulation, Regional Head Regulation; as well as
 - 5) Provisions of other relevant laws and regulations.
- SEVENTEENTH : This Ministerial Instruction shall come into force on September 21, 2021
H until October 4, 2021.
