

**ON THE LETTERHEAD OF THE MINISTRY OF TRANSPORTATION  
DIRECTORATE GENERAL OF CIVIL AVIATION**

Number : AU.210/5/1/DRJU.DKP-2021 Jakarta, October 3, 2021  
Matter : HIGHLY URGENT  
Attachment : 1 (one) file  
Subject : Arrangement on Passenger on International Arrival at  
Soekarno Hatta Airport — Cengkareng

To. Please Find Attached Address

Following up on the results of the evaluation of the implementation of international flight handling activities at Soekarno Hatta Airport — Cengkareng, where there has been an increase/addition of health examination facilities in the form of isothermal molecular tests (NAAT/other types) in which results can be known within a maximum of 1 (one) hour including the addition of RT-PCR test equipment by airport operators in collaboration with relevant stakeholders, and taking into account the following:

1. that several other international airports have been prepared as entry gates to Indonesia, which are equipped with health inspection facilities as available at Soekarno Hatta Airport; and
2. that in order to support the addition of entry gates as referred to in number 1 (one), sufficient and adequate quarantine facilities are already available.

Therefore the provisions regarding the limitation of passenger transportation (inbound traffic) to a maximum of 90 (ninety) people per flight at Soekarno Hatta Airport as stated in the letter of the Director General of Civil Aviation Number:

AU.006/2/7/DRJU.DAU-2021 dated September 29, 2021 is declared invalid starting on October 4, 2021, whereas the obligation of aircraft operators to submit data on the planned arrival of the aircraft and the number of passengers transported remains in effect.

Thus we convey, thank you for the attention and cooperation.

Director General of Air Transportation

(Electronically Signed)

Novie Riyanto IR, MSEA  
NIP 19661111 199503 1 001
