 - 2) must use the *PeduliLindungi* application to screen all visitors and employees and only visitors with the Green category in the *PeduliLindungi* application may enter unless they cannot be vaccinated for health reasons;
 - 3) children under 12 (twelve) years old must be accompanied by parents to show proof of vaccination at least the first dose; and
 - 4) odd - even application along the road to and from tourist sites starting Friday at 12.00 to Sunday at 18.00 local time,
 - l. arts, culture, sports and social activities (locations of arts, culture, sports facilities and social activities that can cause crowds and crowds) are allowed to open with a maximum capacity of 75% (seventy five percent) by implementing stricter health protocols and are required to use health protocols. *PeduliLindungi* application and only visitors with

- the Green category in the *PeduliLindungi* application may enter unless they cannot be vaccinated for health reasons;
- m. activities at the fitness centre/gym are allowed to open with a maximum capacity of 75% (seventy five percent) by implementing stricter health protocols and are required to use the *PeduliLindungi* application and only visitors with the Green category in the *PeduliLindungi* application are allowed to enter unless they cannot be vaccinated for health reasons ;
 - n. public transportation (public vehicles, mass transportation, taxis (conventional and online) and rental/rental vehicles) is enforced with a maximum capacity setting of 100% (one hundred percent) by implementing stricter health protocols;
 - o. the implementation of the wedding reception can be held with a maximum of 75% (seventy five percent) of the room capacity;
 - p. requirements for domestic travel using private cars, motorbikes and long-distance public transportation (airplanes, buses, ships, and trains) in accordance with the provisions stipulated by the National COVID-19 Handling Task Force;
 - q. continue to wear a mask correctly and consistently when carrying out activities outside the home and it is not permitted to use a face shield without using a mask; and
 - r. the implementation of PPKM at the *RT/RW*, Sub-district/District and sub-district levels is still enforced by activating the Posts at each level by looking at the zoning criteria for regional control.

SEVENTH

- : Industries that have an export and domestic orientation in the area of level 3 (three) and level 2 (two) are permitted to operate with a capacity of 100% (one hundred percent) of staff with the following conditions:
- a. have IOMKI and get a recommendation from the Ministry of Industry;
 - b. the company and its employees are required to use the *PeduliLindungi* application to screen people entering and leaving the company's production facilities;
 - c. only employees with complete doses of vaccination may enter shifts unless they cannot be vaccinated for health reasons;
 - d. all companies must follow the health protocol reference determined by the Ministry of Industry and the Ministry of Health; and
 - e. The Ministry of Industry and local government ranks in order to be able to supervise the implementation of this health protocol.

- EIGHTH : The League 1 (one) Football Competition can be held for a maximum of 9 (nine) matches and the League 2 (two) Football Competition can be held a maximum of 8 (eight) matches per week, with the following conditions:
- 1) the venue is only in the Regency/City area with criteria for level 3 (three), level 2 (two), and level 1 (one);
 - 2) all players, officials, media crew, and support staff are required to use the *PeduliLindungi* application to screen people entering and leaving the competition and training venues;
 - 3) the implementation of the competition is not allowed to accept live spectators in the stadium. Watching together by supporters is also not allowed;
 - 4) all players, officials, media crew and support staff attending the competition must have received a second dose of vaccination, negative PCR (H-1) results and negative Antigen results on match day; and
 - 5) the implementation of league 1 (one) and league 2 (two) competitions must follow the health protocol rules determined by the Ministry of Health and the Indonesian Football Association
- NINTH : International travel passengers entrance restrictions are regulated under the following conditions:
- a. air entrance is only through Soekarno Hatta Airport in Tangerang, Banten Province, Juanda Airport in Sidoarjo, East Java Province, Ngurah Rai Airport in Denpasar, Bali Province, Hang Nadim Airport in Batam, Riau Islands Province, Raja Haji Fisabilillah Airport in Tanjung Pinang, Riau Islands Province, and Sam Ratulangi Airport in Manado, North Sulawesi Province;
 - b. sea entrance in the Bali Province and Riau Islands Province may use cruise ships and yachts;
 - c. technical arrangements related to the implementation of the provisions referred to in letter a) to b) and during the transition period will be further regulated by the Ministry of Transportation / National COVID-19 Handling Task Force / related Ministries / Institutions.
- TENTH : The Indonesian Professional Futsal League Championship can be held the city of East Jakarta, City of Semarang, City of Yogyakarta and City of Surabaya on January 8 – August 28, 2022 with the following conditions:
- 1) all players, officials, media crews and support staff must use the *PeduliLindungi* application to screen people entering and leaving the competition and training venues;
 - 2) the implementation of the competition is not allowed to accept live spectators in the stadium. Mass screening by supporters is also not allowed;

- 3) all players, officials, media crews and support staff attending the competition must have received a second dose of vaccination and a negative result of PCR within D-2; and
 - 4) the implementation of the competition must follow the health protocol rules determined by the Ministry of Health.
- ELEVENTH : The International Youth Championship (IYC) Competition may be held in Jakarta from February 6 until February 22, 2022 with the following conditions:
- 1) all players, officials, media crews and support staff must use the *PeduliLindungi* application to screen people entering and leaving the competition and training venues;
 - 2) the implementation of the competition is not allowed to accept live spectators in the stadium. Mass screening by supporters is also not allowed;
 - 3) all players, officials, media crews and support staff attending the competition must have received a second dose of vaccination and a negative result of PCR within D-2; and
 - 4) the implementation of the competition must follow the health protocol rules determined by the Ministry of Health
- TWELFTH : The Governor after receiving the vaccine supply from The Ministry of Health, must immediately distribute it to Regencies/Cities and is not detained as a reserve (stock) in the Province.
- THIRTEENTH : Governors, Regents, and Mayors shall prohibit any form of activity/activities that can cause crowds.
- FOURTEENTH : Governors, Regents, and Mayors coordinate and collaborate with the National Army of Indonesia, the National Police of Republic of Indonesia and the Public Prosecutor's Office in implementing PPKM.
- FIFTEENTH : Tighten activities and education with the following principles:
- a. COVID-19 is most contagious in closed conditions, long meeting (more than 15 (fifteen) minutes), close-range interaction, crowds, vigorous breathing activities such as singing, talking and laughing and not wearing mask such as when eating together;
 - b. the correct and consistent use of masks is the minimum health protocol that everyone should apply;
 - c. washing hands with soap or hand sanitizer repeatedly, especially after touching objects touched by other people (such as doorknobs or stair railings), avoid touching the face area with hands;
 - d. a good type of mask will protect more and by using 2 (two) layers is a better choice. Masks should need to be changed after use (>4 (more than four hours));
 - e. implementation of health protocols is carried out by considering air ventilation factors, duration, and interaction distance, to minimize the risk of transmission in activities;
 - f. distance considerations can be applied as follows:

- 1) work from home only, and interact only with people who live in the same house;
 - 2) if you have to leave the house, you must always strive for keeping a minimum distance of 2 (two) meters in interacting with other people. Reduce/avoid contact with other people who do not live in the same household; and
 - 3) socializing various visual instructions in public places related to the prevention and handling of COVID-19,
- g. duration considerations can be applied as follows:
- 1) if you have to interact with other people or attend an activity, do it with a short duration to reduce the risk of transmission; and
 - 2) in an office and other situations, scheduling and rotation can help to reduce the duration of interaction,
- h. ventilation considerations can be applied as follows:
- 1) outdoor activities have a much lower risk of transmission than indoor activities; and
 - 2) the room should always be endeavoured to have good air ventilation. Opening doors, windows can be done to reduce the risk of transmission. In the event that the door or window cannot be opened, thus, an air purifier with a High Efficiency Particulate Air (HEPA) filter can be used indoors,
- i. when widespread transmission in the community has occurred, more strict interventions by significantly limiting community mobility needs to be carried out;
- j. 3T measures (testing, tracing, treatment) shall always be implemented:
- 1) Testing shall be intensified according to the weekly positivity rate, with the following conditions:

<i>Weekly Positivity rate</i>	Number of tests (per 1000 inhabitants per week)
<5%	1
>5%-<15%	5
>15%-<25%	10
>25%	15

Testing shall always be intensified with a target positivity rate of <5% (five percent). The daily testing target is the minimum number of daily tests that must be met by the Regency/City. The people who are counted into the target testing are suspects and contacts of confirmed cases, not asymptomatic people

who are screened. The target number of testing must be achieved at the Regency/City level following the table below:

Province	Regency/City	Number of Testing Target/Day

- 2) tracing shall be carried out until there are more than 15 close contacts per confirmed case. Quarantine shall be carried out on those who have been identified as close contacts. Once identified, close contacts shall carry out an entry-test and quarantine shall be carried out. If the test result is positive, then isolation is compulsory. If the test result is negative, then quarantine is compulsory. On the 5th day of quarantine, it is necessary to re-examine (exit-test) to see if the virus is detected after/during the incubation period. If it is negative, the patient is considered to have completed the quarantine; and
- 3) treatment needs to be done comprehensively according to the severity of the symptoms. Only patients with moderately severe and critical symptoms need to be hospitalized. Isolation needs to be done strictly to prevent transmission,
the acceleration of vaccination efforts must continue to be carried out to protect as many people as possible and this effort is carried out to reduce the rate of transmission and prioritize the safety of those who are vulnerable to death (such as elderly people with comorbidities) considering the limited health capacity and long-term impact from COVID-19 infection.

SIXTEENTH

: Governor, Regents and Mayors to:

- a. accelerate social aid distribution and social safety nets sourced from the Regional Revenues and Expenditures Budget (*Anggaran Pendapatan dan Belanja Daerah* or

“**APBD**”) if there is a need for additional funding for budgeting and distribution of social assistance and social safety nets in supporting the implementation of PPKM COVID-19:

- 1) rationalization and/or reallocation of budgets from programs/activities that are less prioritized in the social assistance budget and social safety nets;
- 2) the procedure for rationalizing and/or reallocating the need for additional funding for budgeting and distribution of social assistance/social safety nets in supporting the implementation of PPKM COVID-19 is guided by Article 4 and Article 5 of Regulation of the Minister of Home Affairs Number 20 of 2020 regarding Acceleration of Handling Corona Virus Disease 2019 within the Regional Government and Article 3 to Article 6 of the Minister of Home Affairs Regulation Number 39 of 2020 regarding Prioritizing the Use of Budget Allocations for Certain Activities Changes in the Allocation and Use of Regional Revenue and Expenditure Budgets;
- 3) on the acceleration of distribution and implementation of Village Fund - Direct Cash Assistance (“*Bantuan Langsung Tunai - Dana Desa*” or “**BLT-DD**”):
 - a) Regents/Mayors to accelerate the evaluation of Village Revenue and Expenditure Budget (*Anggaran Pendapatan dan Belanja Desa* or “**APBDesa**”) for Villages that have not stipulated a Village Regulation regarding *APBDesa* ratification of Human Development Cadre (*Kader Pembangunan Manusia* or “**KPM**”) data by the Regional Government recording KPM data for BLT-DD recipients on State Budget Treasury System Online Monitoring (Online Monitoring *Sistem Perbendaharaan Anggaran Negara* – “**Om-SPAN**”) in accordance with the provisions of the laws and regulations; and
 - b) the Sub-district Head to conduct recording and stipulation of KPM and follow up with the implementation of BLT-DD in accordance with the provisions of the legislation,
- b. synchronize social assistance originating from the central with other social assistance sourced from the *APBD*.

SEVENTEENTH

: Funding for the implementation of PPKM due to the COVID-19 Pandemic sourced from the *APBD*:

- a. in the implementation of PPKM due to the COVID-19 Pandemic, the Regional Government can make expenditures for which the budget is not yet available, shall then be followed by proposing an *APBD* amendment draft;
- b. the expenditure as referred to in letter a is carried out with a direct charge to the Unexpected Expenditure (*Belanja Tidak Terduga* or “**BTT**”);
- c. in the event that the BTT is insufficient, the Regional Government reschedules the program and activity achievements to prioritize the use of budget allocations for certain activities and/or changes in budget allocations and utilizes available cash through regional head regulations amendments regarding *APBD* and notifies the head of Regional People’s Legislative Council. The results of the budget allocation for rescheduling the results of the program and activity achievements are diverted for unexpected expenditures; and
- d. the procedure for using BTT in the context of implementing PPKM due to the COVID-19 pandemic originating from the *APBD* is guided by the Minister of Home Affairs Regulation Number 39 of 2020.

EIGHTEENTH

- :
- a. In the event that the Governors, Regents, and Mayors do not conduct the provisions as referred to in this Ministerial Instruction, they are imposed with sanctions as stipulated in Article 68 until Article 78 of Law Number 23 of 2014 regarding Regional Government;
 - b. For Business Actors, Restaurants, Shopping Centres, Public Transportations referred to in the THIRD Dictum letter c letter d letter e and letter j that do not implement the provisions as stipulated in this Instruction shall be subject to administrative sanctions up to business closure in accordance with the laws and regulations; and
 - c. Every person may be imposed with sanctions for violations in the framework of controlling infectious disease outbreaks according to:
 - 1) Articles 212 to 2018 of the Criminal Code;
 - 2) Law Number 4 of 1984 regarding Outbreaks of Infectious Diseases;
 - 3) Law Number 6 of 2018 regarding Health Quarantine; and
 - 4) Regional Regulations and Regional Head Regulations; as well as
 - 5) Provisions of other relevant laws and regulations.

NINETEENTH

- : This Instruction of the Minister shall enter into force on February 8, 2022 until February 14, 2022.
