FIFTH

: All sports competitions with a venue in the Regency/City Area with criteria of level 1 (one) may be held under the following conditions:

- a. all players, officials, media crew, and support staff are required to use the *PeduliLindungi* application to screen people entering and leaving competition and training venues;
- b. the implementation of competitions with criteria of level 1 (one) in the Regency/City Area is allowed to accept live spectators in the stadium with 100% (one hundred percent) capacity;
- c. all spectators who are directly present at the stadium must have been vaccinated with a booster or complete vaccinations;
- d. all player, official, media crew, and support staff and spectators attending the competition must have received a second dose of vaccination; and

- e. the implementation of competitions must follow the health protocol rules as determined by the Ministry of Health.

SIXTH : Restrictions on the entrance of international passenger travel are regulated with the following conditions:

- a. air entrance is only through Soekarno Hatta Airport in Banten Province, Kertajati Airport in West Java Province, Juanda Airport in East Java Province, Ngurah Rai Airport in Bali Province, Hang Nadim Airport in Riau Islands Province, Sam Ratulangi Airport in North Sulawesi Province, Zainuddin Abdul Madjid Airport in West Nusa Tenggara Province, Kualanamu Airport in North Sumatera Province, Sultan Hasanuddin in South Sulawesi Province, Yogyakarta International Airport in Special Region of Yogyakarta Province, Sultan Iskandar Muda Airport in Aceh Province, Minangkabau Airport in West Sumatera Province, Sultan Aji Muhammad Sulaiman Sepinggan Airport in East Kalimantan Province, and Sultan Syarif Kasim II Airport in Riau Province, Sentani Airport in Papua Province;
- b. all international seaports in Indonesia are opened as entry point for foreign travel through the consideration of the Directorate General of Sea Transportation of the Ministry of Transportation;
- c. land entrance is only through the State Border Post (*Pos Lintas Batas Negara* or "**PLBN**") Aruk, Entikong, and Nanga Badau in West Kalimantan Province, Montain, Motamasin, and Wini in East Nusa Tenggara Province, as well as Skouw and Sota in Papua Province;
- d. replacement and repatriation service for the Crew of Foreign Citizens (*Warga Negara Asing* or WNA) or Crew of Indonesian Citizens (*Warga Negara Indonesia* or WNI) on Foreign-Flagged Vessels can be carried out in international seaports in Indonesia opened as entry points for foreign travel through the consideration of the Directorate General of Sea Transportation of the Ministry of Transportation; and

- e. technical arrangements related to the implementation of the provisions as referred to in letter a to d and during the transition period will be further regulated by the Ministry of Transportation / National COVID-19 Handling Task Force / related Ministries / Institutions.

- SEVENTH : The Governor, after receiving the vaccine supply from the Ministry of Health, immediately distributes it to the Regency/City and is not held as a reserve (stock) in the Province.
- EIGHT : Governors, Regents, and Mayors prohibits any form of activity/activities that can cause crowds.
- NINTH : Governors, Regents, and Mayors coordinate and collaborate with the National Army of Indonesia (*Tentara Nasional Indonesia* or TNI), the National Police of Republic of Indonesia (*Kepolisian Republik Indonesia* or Polri) and the State Prosecutor's Office in implementing PPKM.
- TENTH : Restrict activities and education with the following principles:
- a. COVID-19 is most contagious in closed conditions, long meetings (more than 15 (fifteen) minutes), close-range interaction, crowds, vigorous breathing activities such as singing, talking, and laughing and not wearing mask such as when eating together;
  - b. the correct and consistent use of masks is the minimum health protocol that everyone should apply, but for activities carried out outdoor or in an open space which is not crowded, the following provisions apply:
    - 1) not required to wear a mask;
    - 2) for people who is in the vulnerable category, elderly or have a comorbid disease are advised to keep wearing a mask; and
    - 3) for people who experience cough and cold symptoms are still required to wear a mask while carrying out activities,

- c. washing hands with soap or hand sanitizer repeatedly, especially after touching object touched by other people (such as doorknobs or stair railings), avoid touching the face area with hands;
- d. a good type of mask will protect more and using 2 (two) layers is a better choice. Masks should be changed after use of (>4 (more than four) hours);
- e. implementation of health protocols is carried out by considering air ventilation factors, duration, and interaction distance, to minimize the risk of transmission in activities;
- f. distance considerations can be applied as follows:
  - 1) work from home only, and interact only with people who live in the same house;
  - 2) if you have to leave the house, you must always strive to keep a minimum distance of 2 (two) meters when interacting with other people. Reduce/avoid contact with other people who do not live in the same household; and
  - 3) socializing various visual instructions in public place related to the prevention of handling of COVID-19,
- g. duration considerations can be applied as follows:
  - 1) if you must interact with other people or attend an activity, do it with a short duration to reduce the risk of transmission; and
  - 2) in an office or other situations, scheduling and rotation can help to reduce the duration interaction,
- h. ventilation considerations can be applied as follows:
  - 1) outdoor activities have a much lower risk of transmission than indoor activities; and
  - 2) the room should always be endeavored to have good air ventilations. Opening doors, windows can be done to reduce the risk of transmission. In the

event that the door or window cannot be opened, an air purifier with a High Efficiency Particulate Air (HEPA) filter can be used indoors,

- i. in conditions of widespread transmission in communities, then stricter interventions by significantly limiting community mobility need to be carried out;
- j. 3T measures (testing, tracing, treatment) shall always be implemented:
  - 1) Testing shall be intensified according to the weekly positivity rate, with the following conditions:

<b>Weekly Positivity Rate</b>	<b>Number of test (per 1000 inhabitants per week)</b>
<5%	1
>5% - <15%	5
>15% - <25%	10
>25%	15

Testing shall always be intensified with a target positivity rate of <5% (less than five percent). The daily testing target is the minimum number of daily tests that must be met by the district/city. The people who are counted into the target testing are suspects and contacts of confirmed cases, not asymptomatic people who are screened. The target number of testing must be achieved at the district/city level following the table below:

- 2) tracing shall be carried out until there are more than 15 close contacts per confirmed case. Quarantine needs to be carried out on those whose has been identified as close contacts. Close

contacts once identified shall be checked (entry-test) and quarantine shall be carried out. If the test result is positive, then isolation is compulsory. If the test result is negative, then a follow-up quarantine is compulsory. On the 5th day of quarantines, it is necessary to re-examine (exit-test) to see if the virus is detected after/during the incubation period. If negative, the patient is considered to have completed the quarantine; and

- 3) treatment needs to be done comprehensively according to the severity of the symptoms. Only patients with moderately severe and critical symptoms need to be hospitalized. Isolation needs to be done strictly to prevent transmissions,

acceleration of vaccination efforts must continue to be carried out to protect as many people as possible and this effort is carried out to reduce the rate of transmission and prioritize the safety of those who are vulnerable to death (such as elderly people with comorbidities) considering the limited health capacity and long-term impact from COVID-19 infection.

ELEVENTH : Governor Regents and Mayors are to:

- a. accelerate social aid distribution and social safety nets sourced from the Regional Revenues and Expenditures Budget (*Anggaran Pendapatan dan Belanja Daerah* or “**APBD**”) if there is a need for additional funding for budgeting and distribution of social assistance and social safety nets in supporting the implementation of PPKM COVID-19:

- 1) rationalization and/or reallocation of budgets from programs/activities that are less prioritized in the social assistance budget and social safety nets;
- 2) the procedure for rationalizing and/or reallocating the need for additional funding for budgeting and distribution of social assistance/social nets in supporting the implementation of PPKM COVID-19 is guided by Article 4 and Article 5 of Regulation of the Minister of Home Affairs Number 20 of 2020

regarding Acceleration of Handling the Corona Virus Disease 2019 within the Regional Government and Article 3 to Article 6 of the Minister of Home Affairs Regulation Number 39 of 2020 regarding Prioritizing the Use of Budget Allocation for Certain Activities Changes in the Allocation and Use of Regional Revenue and Expenditure Budgets;

3) on the acceleration of distribution and implementation of Village Fund – Direct Cash Assistance (*Bantuan Langsung Tunai – Dana Desa* or “**BLT-DD**”):

a) Regents/Mayors to accelerate the evaluation of Revenue and Expenditure Budget for Villages (*Anggaran Pendapatan dan Belanja Desa* or “**APBDesa**”) that have not stipulated a Village Regulation regarding APBDesa ratification of Human Development Cadre (*Kader Pembangunan Manusia* or “**KPM**”) Data by the Regional Government recording KPM data for BLT-DD recipients on State Budget Treasury System Online Monitoring (*Online Monitoring Sistem Perbendaharaan Anggaran Negara* or “**Om-SPAN**”) in accordance with the provision of the laws and regulations; and

b) the Village Head to conduct recording and stipulation of KPM and follow up with the implementation of BLT-DD in accordance with the provisions of the laws and regulations,

b. conduct synchronizing social assistance originating from the central with other social assistance sourced from APBD.

TWELFTH

: Funding for the implementation of PPKM due to the COVID-19 Pandemic sourced from the APBD:

a. in the implementation of PPKM due to the COVID-19 Pandemic, the Regional Government can make expenditures for which the budget is not yet available, is then followed by proposing an APBD amendment draft;

- b. the expenditure as referred to in letter a is carried out with a direct charge to the Unexpected Expenditure (*Belanja Tidak Terduga* or “**BTT**”);
- c. in the event that the BTT is insufficient, the Regional Government reschedules the program and activity achievements to prioritize the use of budget allocations for certain activities and/or changes in budget allocations and utilizes available cash reserve through regional head regulations amendments regarding APBD and notifies the head of Regional People’s Legislative Council. The results of the budget allocation for rescheduling the results of the program and activity achievements are diverted for unexpected expenditures; and
- d. the procedure for using BTT in the context of implementing PPKM due to the COVID-19 Pandemic originating from the Regional Budget is guided by the Minister of Home Affairs Regulation Number 39 of 2020.

THIRTEENTH

- a. In the event that the Governors, Mayors or Regents do not conduct the provisions as referred to in this Ministerial Instruction, they are imposed with sanctions as stipulated in Article 68 until Article 78 of Law Number 23 of 2014 regarding Regional Government;
- b. For Business Actors as referred to in the FOURTH Dictum that do not implement the provisions as regulated in this Instruction shall be subject to administrative sanctions until the closure of the business in accordance with the provisions of the laws and regulations; and
- c. Every person may be imposed with sanctions for violations in the framework of controlling infectious disease outbreaks according to:
  - 1) Articles 212 to 218 of the Criminal Code;
  - 2) Law Number 4 of 1984 regarding Outbreaks of Infectious Diseases;
  - 3) Law Number 6 of 2018 regarding Health Quarantine; and
  - 4) Regional Regulations and Regional Head Regulations; as well as

5) Provisions of other relevant laws and regulations.

FOURTEENTH : This Instruction of the Minister shall enter into force on October 4, 2022 until November 7, 2022.
