

Today, Manulife Indonesia embarks on a monumental journey and milestone, marking a new chapter in Manulife's distinguished history.

We are proud to announce that on December 1, 2024, our first ever Syariah company, Manulife Syariah Indonesia, is now operational.

This significant achievement showcases Manulife's unwavering commitment to developing the Syariah industry and expanding our reach in this important market.

A small internal celebration was held today to express our appreciation and gratitude to everyone involved in the preparation of the project.

We extend our best wishes to Fauzi Arfan on his appointment as President Director of Manulife Syariah Indonesia. Fauzi is a seasoned professional with extensive experience in the insurance and financial industry, particularly in Syariah business development. His leadership and vision will be instrumental as we embark on this exciting journey.

This milestone is also supported by The Honourable Mary Ng, Minister of Export Promotion, International Trade, and Economic Development of Canada, and Dr. Budi Santoso, M. Si., Minister of Trade of the Republic of Indonesia, during the Team Canada Trade Mission event at Hotel Mulia Jakarta.

We are now ready to become partners in progress, protecting and helping Indonesian families achieve their financial goals through Syariah principles and values.

Manulife Syariah Indonesia will provide innovative and Syariah-compliant financial solutions that meet the diverse needs of our customers. We aim to continuously share benefits with all stakeholders, grow sustainably both in business and individual development, and make a tangible positive impact on the environment and society in Indonesia.
